

## Exton Bishop's Transcripts – (1707–1714 & 1769–1812)

This is a list of individuals by the name of Hibbit/Hibbitt/Hibbet and Newbold/Newbould/Newbolt appearing in the bishop's transcripts for Exton, Rutland. It is not an exhaustive study and there may well be missing entries or incorrect transcriptions. I also have in my possession digital images of each entry listed below.

Where there is any uncertainty the information has been placed in brackets []. Note, the entries were extremely difficult to decipher during the 1770/1760's.

**Disclaimer:** As with any transcript, please use this data as a finding aid only, and NOT as a definitive source. Whilst I have made every effort to transcribe correctly, I make no claim to achieve complete accuracy. Therefore if you find some information of interest, I strongly recommend you check the original source for yourself to verify that the information is correct.
